Electrified Mobility

19 - 22 May 2019

From 19 to 22 May, IFPEN attends the 32nd International **Electric**

Vehicle Symposium (EVS 32) at Eurexpo Lyon (conferences and exhibition).

IFPEN Transports Energie Carnot Institute will present its **solutions for hybrid and electric powertrains**:

- **electric machines** for propulsion,
- **batteries**,

- **electrification of the air loop,**
- **waste heat recovery.**

Come and visit us **Hall 6, block B7.**
